

El Don Receives Top Award

The top press award and rating of "All American" was presented to the El Don this week by the Collegiate Press of the University of Minnesota for the editions printed during the fall semester. El Don competed for this rating

with junior colleges throughout the United States.

The scoring sheet showed 960 points out of a possible 1000 points. Scattered throughout the mathematical scoring were such comments as "a professional sounding and appearing newspaper," "nice job on features; the staff is really working," and "an excellent style, crisp and clean—it makes for good reading."

Dean Gautschy, managing editor and sports writers was praised by the judges when they wrote "page one makeup is attractive and has a lot of readability," and "... excellent sports coverage with the right amount of emphasis." Jane Lindemuth, feature writer, was congratulated on her "good special features."

Editors for the fall semester included Dean Gautschy, Jane Lindemuth, Bob Williams, Bill Poulson, and Don Moore. Reporters for the fall semester included Linus Dewald, Janet Doster, Donna Drageset, Celia Lusier, John Murphy, Carl Sawyer, Edward Scott and Gloria Taylor. Faculty adviser for the El Don is Carl Venstrom. The SAC newspaper is printed at the Santa Ana High School print shop by printers Willard E. Francis and Arthur R. Hull.

This is the sixteenth consecutive year that the SAC newspaper has won this distinction. The "All American" award is the highest honor given by the Associated Collegiate Press of the University of Minnesota.

Beard Contest Starts Monday

The big chance for all SAC males to prove their vaunted manliness will come on Monday, April 30. On that date, and from a clean-shaven start, the Fiesta beard-growing contest will officially start with a rustle of bristles, according to Don Dunbar, SAC's new student body president.

Beard inspections, penalties for "smoothies", and awards for different types of beards to be awarded at the Santa Ana College Fiesta on May 18, will be announced later.

Balboa Club Scene Of Spinster Spree

Tonight, members of the Sisterhood of Spinsters, Santa Ana College women's service club, will entertain their dates at the annual Spinster Spree dinner dance being held at 7:30 p. m. in the Balboa Bay Club, Newport Beach, according to Pat Adams, Spinster president.

YM and Las Meninas Sponsor Annual Breakfast Tuesday AM

May morning breakfasts will be held by Las Meninas and the YMCA service clubs on Tuesday, the first day of May. The YMCA building will set the scene for the Meninas breakfast and fashion show, to begin at 7:00 a. m. The YMCA breakfast, to be held at 7:30 A. M. in the college cafeteria, will have Dr. Paul A. Dewhirst, member of the Greater Los Angeles YMCA Inter-Council, as guest speaker.

Paris In Springtime
A parisian atmosphere will surround the fashion show, "Paris in Springtime," to be presented by Rankin's department store, and featuring summer styles modeled by Santa Ana College women. Parisian pillars will form the setting for the fashion show, with pictures of famous Paris landmarks adding to the scene. Marking each place at the tables will be nosegays of spring flowers and small fans.

Club members say this is an event no college woman should miss. Tickets can be purchased from any Las Meninas member at \$1.25 for the breakfast and style show.

Dr. Dewhirst to Speak
The annual YMCA May morning breakfast will be held at 7:30 a. m., Tuesday, with the object of promoting more fellowship among the male students attending Santa Ana College. Dr. Dewhirst will address the gathering on the topic of fellowship of the college men students for cooperation in activities which will benefit both the individual and the school.

Tickets selling for \$1.00 may be purchased from any of the 'Y' members or in Mr. Crain's office before the breakfast.

Students Attend Collegiate U. N.

Delegates to the U.N., Sam Uyeda, Charles Lantz, and Louis Coldoff left for the meetings of the General Assembly and Security Council at Stanford University last Wednesday. They will be attending the Collegiate Council of the United Nations of the Pacific Conference as representatives of Venezuela.

FINAL EXTRAVAGANZA—The final college play of the year, "Lost Horizons" will open for a five performance run Tuesday evening, May 1, in Studio A. A few members of the cast are reading their lines during a rehearsal session in above photo.—Photo by Williams.

'Lost Horizons' Presents Initial Opening May 1

Tuesday evening at 8:30 on May 1, in Studio A on the Santa Ana College campus, the curtain will ring up on a three act play presented by the college players.

The play will be James Hilton's "Lost Horizon," dramatized by Anne Coulter Martens and Christopher Sergel and directed by C. L. Ford.

The setting of the play will be that place "somewhere beyond Lhasa," in the "Valley of the Blue Moon," where happiness is achieved through the absence of struggle.

Hilton's Best

"Lost Horizon," sometimes called Hilton's best, was written in the early 1920's, a period of pessimism and a time when such a place as "Shangri-La" was the ideal in which the people could place their hopes.

Conway, the leading character, is portrayed by Joe Bell. Others in the cast are as follows: Helen, Joanne Johnson; The High Lama, Bill Hertzog; Lo Tsen, Diane Charlton; Chang, Dick Montano; Mallison, Quentin Galivan; Miss Brinklow, Mercedes Bustamante; Mr. Henry Bernard, Dick Wilcox; Tashi, Paz Briones; Ai Ling, Phyllis Bergen.

The prologue and the epilogue, heard via tape recording, features Sarah Beatty, Elizabeth Elliott, Walden Leecing, and Dave Stigall. Student director is Pat Flaherty.

Special Effects

Special scenic effects are by Charles Daughtery, sets are by the play production class, and the Chinese costumes are being obtained from Phoenix, Arizona.

The play will run from May 1 through May 5. The tickets are on sale at the Studio A box office.

MacArthur Speaks

An excerpt from MacArthur's talk before 50,000 people in Soldier Field, Chicago, yesterday:

"What is our policy in Korea? "Some will tell you that the (Continued on page 2)

World Student Service Fund Drive Aids Students In Asia

To aid the student in China, whose new Communist government makes educational contacts difficult to maintain, to aid the student in India, in Greece, and in all of Asia, the World Student Service Fund, latest project of the Inter-Club Council, is striving to "erect a bridge of sturdy student cooperation, without which there will be no world and no tomorrow."

David Levering, Fund representative, visited the campus Wednesday, April 25, to inform the student body of the tremendous need for help expressed by students in Asia. "They have nothing except faith and hope. They need everything—food, medicines, teachers, materials, and above all, contacts with the international student centers"

A cake sale with proceeds to go into the Fund began yesterday and is continuing through today in charge of the mens' and women's service clubs.

Committee members working with Sam Uyeda, Inter-Club Council president, and David Baker, Fund chairman on campus, are Barbara Crain, Jane Lindemuth, Elsie Kittelsen, Carol Kern, Edwina Cox, Laura Perez, and Jackie

Towey.

According to David Levering, Fund representative, the World Student Service Fund campaigns annually in American colleges for funds to aid universities abroad and is the only national agency organized for this unique purpose. The American branch of World Student Relief, an international organization for aid to university groups in the war-devastated nations, it serves in Europe and Asia without discrimination as to race, politics, or religion.

SAC Testing Center For 2A Deferments

All college students who are planning to take the draft deferment test should secure a form from their local board, according to Dr. Andrew Roberts, assistant director.

The test will be given at Santa Ana College on May 26 and also during this summer. No student can take the test without first applying to his draft board and filling out the necessary forms well in advance.

SAC Students Service-Bound

Due to absent himself from the Santa Ana College scene starting on May 1 will be Keith Johnson, SAC Associated Student Body President.

The retiring president will embark at that time on new experiences as a member of the United States Air Force. The California Air National Guard unit with which he has been serving, which includes twenty students from SAC, has been ordered to active duty effective May 1.

The unit has been training locally at a portion of the old Santa Ana Army Air Base, and it is there that the boys will first report. Later, they are slated for transfer to an Oklahoma base. Dave Stigall, Sophomore Class president, is also attached to the group leaving.

WORLD STUDENT SERVICE FUND COMMITTEE CONFERS—Discussing merits of the Inter-Club Council's newest project, the World Student Service Fund, are members of the committee in charge of the assembly and cake sale held this week as the council's effort to enlist funds. Committee members (left to right) are Barbara Crain, Jane Lindemuth, Sam Uyeda, Inter-Club Council president; David Baker, Fund committee chairman; Elsie Kittelsen, Carol Kern, and Edwina Cox. Not present for the picture were committee members Dean Gautschy, Jackie Towey, and Jaura Perez.—Williams Photo.

El Don's Two Indispensable People Willard and Art, Printers, Pressmen

By JANE LINDEMUTH

While the clock rolls around to hide its face in the wall and Carl Venstrom, journalism adviser, sits roaring in his private den for "More copy! More copy!" the "El Don" staff strives valiantly to meet the deadline. Behind the turmoil and din of the typewriters' clack, beyond the four walls of El Don's Building U "inner sanctum," wait two men without whom El Don would never reach its read its readers. Who are they? Willard E. Francis, supervisor of printing for the Santa Ana school system, and Arthur R. Hull, school printer and pressman.

In addition to printing the college publication, Arthur and Willard are constantly busy feeding copies of the Santa Ana high school "Generator," the Lathrop junior high school "Line-Up," and the Willard junior high school "Echo" to the gigantic presses. Last year, Willard proudly announces, all four papers received an All-American honor rating from the University of Minnesota. This year, we proudly announce, El Don has again received the honor.

Earthquake Moves Giant Machine

Willard has been with the print shop since 1927. "I was here during the earthquake," he adds. "I remember the day after it was all over. Our linotype machine had moved an inch from its usual position—and that linotype machine weighs over two tons."

According to Arthur, the Santa Ana print shop is the best-equipped school print shop in Southern California. In using over four tons of paper per year that go into newspapers, yearbooks, literary magazines, and business blanks, the printers work day and night, all the year round, on the vertical automatic press, the ultra-modern Diamond paper cutter, the giant cylinder press, and two linotype machines.

What does Willard do when he escapes from the chemical odor of printers' ink? "He puts his sail boat on a trailer at the back of his car and away he goes," grins Arthur. "And printing isn't his only business," Arthur adds. "He owns a motel in Banning."

Arthur is known for his radio service work. He has built several "outfits, transmitters, etc." and he has "about five garages stuffed full of radio parts" that he would like to find time to work over.

We finished our interview and went back to the El Don copy as several of Willard's "buoyant" print shop pupils came bouncing in. "Hi! Hey, Willard, old pal. If we're real good, how about fish-burgers on Friday?"

Vocational Shops Being Constructed

Amidst fragrant orange trees and a spacious athletic field, a \$24,936 vocational shop building is being constructed at SAC. Yes! the hum of progress can be heard again and a one time dense orange grove at 17th and Bristol is becoming one of the most attractive educational institutions on the west coast.

Fred B. Kyle of Pasadena received a \$16,497 bid to construct the steel shop building which will be sixty-four hundred square feet in area. The structure will house the shop facilities which are currently located in the Walker warehouse on South Bristol Street.

A \$4,650 contract for cement and concrete work on the new building was awarded to Clifford Kent of Santa Ana. The plumbing contract for \$3,789 which also includes electrical and painting work went to Means and Ulrich.

Wake-Up You Gullible Suckers

(Ed. Note: Last week an editorial was written by Jane Lindemuth presenting one point of view on the MacArthur dismissal. This week Edward Scott presents another view on this controversial issue. These editorials do not necessarily present the viewpoint of El Don or of Santa Ana College, but the opinions of two SAC students.)

OUR COUNTRY FIRST AND POLITICS LATER

General MacArthur has received the most tremendous reception ever accorded a general in the history of the United States. Nevertheless it is essential in any military organization that a soldier obey his superiors which ac-

cording to the Chiefs of Staff and the President, General MacArthur did not do. A soldier who disobeys orders in time of war may be shot. Whether Democrat or Republican, the President of the United States is Supreme Commander as is stated in the Constitution of the United States.

The President does not make important decisions according to his own whims, rather he confers with a score of advisors in the Department of Defense and State Department. Generals Bradley and Marshall are also very capable generals who have access to information from all parts of the world, not only Korea. They weigh

this information and help formulate a world policy. They consider the consequences of bombing Manchurian bases, of invading the Chinese mainland, of carrying on a prolonged war in the wastelands of Asia. They take into account the fact that the United States has greater war resources than the Communists at the present time, and also the very important fact that if the war resources of Western Europe were to fall into the hands of Russia, the Communists would then have more war resources than the United States. General Dwight Eisenhower, another great general, who is Supreme Commander in Europe, is attempting to unify the nations of the Western Europe against possible attack.

Looking at the world scope of the international situation requires calm, far-reaching, and non-partisan thought. During the Great Debate many distinguished citizens condemned the administration's foreign policy. Herbert Hoover proposed, in this age of enlightenment, a more isolated foreign policy than the administration has been conducting, suggesting that we bring our lines of defense back closer to the Western Hemisphere.

Six months before the Communist invasion of Korea. Senator Robert A. Taft voted against aid to South Korea and was one of the few who protested that President Truman had exceeded his authority in meeting the new aggression there. However, these very same men, after MacArthur's recall, now agree with the General, that Manchurian bases should be bombed and that the Chinese mainland should be invaded, yet with the apparent knowledge that such actions will very likely lead to an impractically located and costly third world war, in which, without having consulted other Western democracies, we may find ourselves fighting alone.

When men state that "any at-

MacArthur Speaks

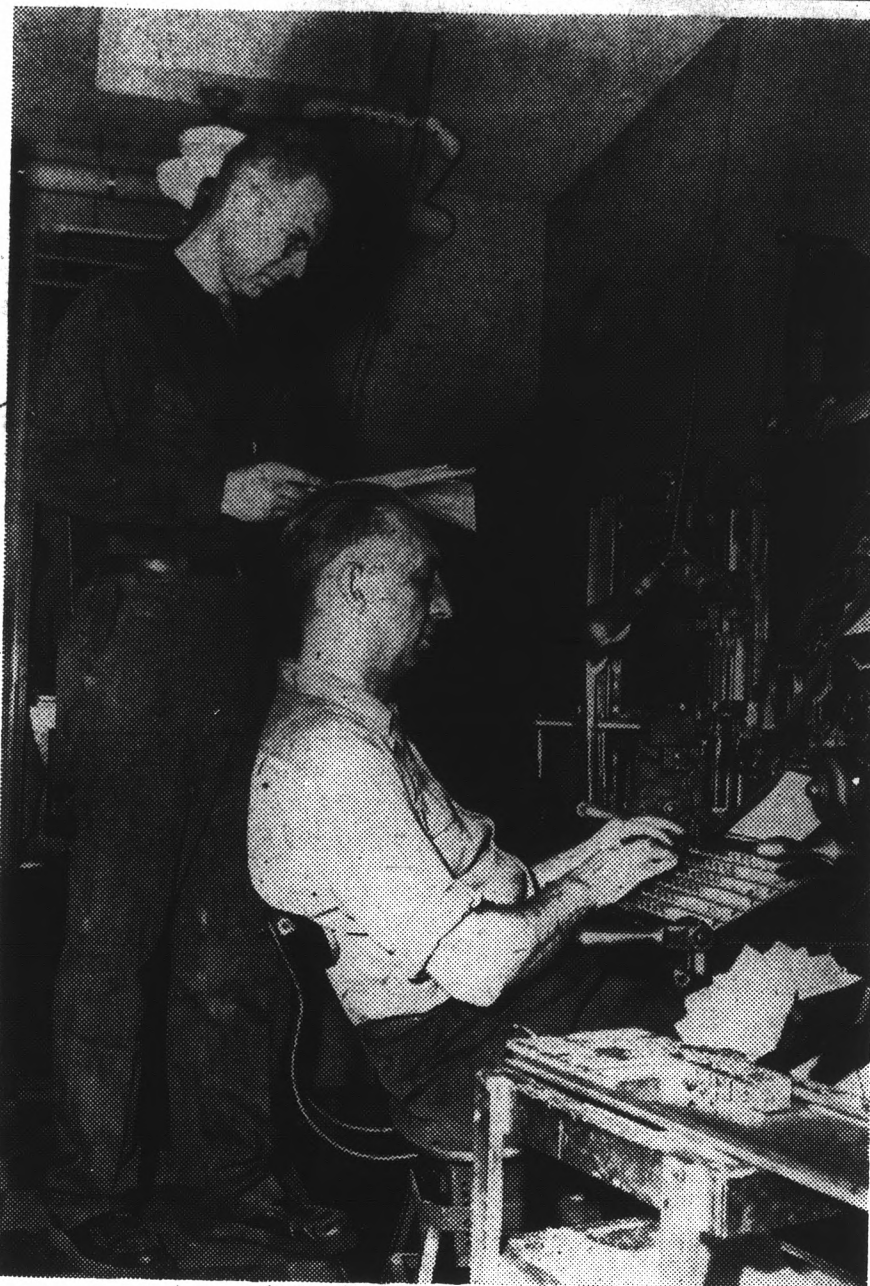

(Continued from page one)

pacification and unification of all Korea is the objective, an objective which indeed still stands as the formal mandate of the United Nations. Others tend to overlook such formally stated policy, and will tell you that our objective is achieved upon clearing South Korea of invading forces.

"Still others ignore both explanations and frankly say that our objective now is to continue to engage the enemy forces in Korea in a prolonged and indecisive campaign of attrition, notwithstanding the constantly increasing cost in American blood.

"None of these will tell you in the traditionally ringing tones of the American patriot that our objective is victory over the nation and men who without provocation or justification have warred against us. And that our forces will be furnished all the sinews and other means essential to achieve that victory with a minimum of cost in human life.

"The tragedy is that since the advent of the war with Red China there has been no definition of the political policy which would provide a solution for the new problems thereby created.

PRINTERS AT WORK—Without the aid of Willard E. Francis, (seated above) supervisor of printing in the Santa Ana schools, and Arthur R. Hull, (above right) pressman, the El Don would never reach the eyes of its readers. Willard and Arthur are pictured setting copy on one of the giant linotype machines—Dewald Photo

Letter From Prexy

This is the last article from me as your Student Body President. I could go on and tell you all of the functions of my Executive Board, tell about the happiness and dis-appointments as A.S.B. Prexy, and tell of all the fun I have had. I could write of all the work and accomplishments of the Executive Board, but I believe that this will be shown to you as students, by the good times I'm sure you have had and will have at school and at school affairs this semester.

Perhaps you're starting to wonder why this letter is coming out in the "El Don" at the end of the quarter instead of the end of the semester. Well, "it's this way" when May Day rolls around about twenty fellows from Ole S.A.C. will be called in from the California National Guard as active members of the United States Air Force, and of this twenty, I am one. Also, Dave Stigall, Sophomore president, will be leaving with us. He will be succeeded by Eddie Whelan.

I wish to express my gratitude to all of my Executive Board, and to Dr. Roberts, our advisor, for all of the help they have rendered to me. It has made me very happy to have been able to serve you these three months, I only hope that I have given you what you wanted and deserved.

You chose very wisely when you elected Don Dunbar as vice-president of the Student Body. I know he will receive the cooperation and loyalty of every student, and I know he will serve you well. It is to the very capable hands of Don that I have turned over the Office of Student Body President.

It is my wish that more students could experience the functions of student government, for I will treasure my experience always. I would like to thank everyone who has worked with me, and I would like to wish Don lots of luck on his new job.

Keith Johnson

tempt to make war on the Communist mass by land invasion... is sheer folly," as did Herbert Hoover, and then applaud a proposed action that will lead directly to such "folly," it arouses a certain amount of doubt as to the sanity of this type of constructive criticism.

Such incredulous inconsistency seems to stem more from political aspirations than calm thought which has the welfare of the nation in mind.

In critical times as these it is folly to make impetuous and inconsistent moves. When the nation as well as all Western democracies are at stake it is certainly right to consider one's country first and politics later.—Edward Scott

Tattlers Schedule Annual Field Trip

A tour of the Huntington Library in Pasadena, dinner in Los Angeles, and attendance at a performance of "Where's Charley?", starring Ray Bolger, at the Los Angeles Philharmonic auditorium, will be featured when members of the Tavern Tattlers, college literary society, leave the campus at noon on Friday, May 4, for their annual field trip. Dean Gautschy, club president, and Shirley Dewald, field trip chairman, announced plans for the trip following this week's meeting in the student union.

Accompanying the club members on the trip will be Miss Lota Blythe and Leonard C. Henard, Tavern Tattlers advisors.

Best Career Essay To Win "Oscarette"

Essays entered in the Altrusa Club contest, "My Choice of a Career" for Santa Ana College women have been received by the Dean of Women, Miss Agness Todd Miller, who will in turn present them to the Altrusa Club for judging.

A variety in vocational interest is shown by the numerous subject titles chosen by the women students entering the contest. Nursing and teaching, the two main fields of interest are represented by several papers.

In one paper the entrant desires work in a Spanish speaking country and for that reason is studying Spanish and Spanish customs, another shows a vocational interest in geology, while another is interested in the field of advertising art. Themes showing interest in work as a secretary, dental hygienist, and medical secretary were also entered in the contest which will be judged by the Altrusa Club committee on vocational information. The four essays judged best by this group will then go before a smaller committee which will judge the papers and notify the winner.

Preparations are being made for the quintets appearance on the Harry Babbitt show May 18. The future engagements of the quintet include the Orange Coronation Ball, the American Senior Prom, and the SAC Journalism dance.

El Don Quintet To Make T.V. Appearance Friday, May 4

The "El Don Quintet" will make its first appearance on television next Friday, May 4, at 6:30 p. m. on channel 2 on the N.T.G. Hollywood Road to Fame show.

Four of the members of the quintet are students at Santa Ana College, while the fifth is an instructor at the college. Playing the accordion will be Vina Mae Harmer, the clarinets Willie Moore and Clarence Strickland, the guitar Chuck Stratton and the bass Mr. Van Osdall.

All members of the "El Don Quintet" are taking Music 75 instructed by Douglas Lamont, where they compose and arrange their own music. Rendition of "How High the Moon," "S Wonderful," "Temptation," and "St. Louis Blues" will be given on the N.T.G. show.

Preparations are being made for the quintets appearance on the Harry Babbitt show May 18. The future engagements of the quintet include the Orange Coronation Ball, the American Senior Prom, and the SAC Journalism dance.

WAA Softball Team Edges Fullerton 3-2

Santa Ana College's WAA traveled to Fullerton to win a 3-2 softball victory in a close game which was called after five innings because of wet grounds.

Although outthit in the contest, the Santa Ana lasses saved their power for the fifth inning during which they came from behind to score three runs. Joanne Johnson rapped out a double while Betty Lancaster, Janet Parra and Mary Vernon each collected singles.

SAC Library Offers 18,162 Books, Records and Cheerful Assistance

By EDWARD SCOTT

Besides a coat of eye rest green, the Santa Ana College Library, has recently acquired some 1,033 books from private collections making a grand total of 18,162 books.

Miss Mabel Whiting, retired mathematics instructor at Santa Ana College donated over 300 books, while Miss Genevieve Humiston, Registrar, has given the college 100 books on travel. Mrs. Marie Beisel and Mrs. Vanche Plumb, former Santa Ana high school teachers, as well as the Teachers Professional Library of Santa Ana have contributed many valuable books to the college.

Books and Reading Space

The library has a dual purpose of both providing books and a place to study. Students perturbed by perplexing problems or thwarted in their quest for knowledge are always assured of a cheerful and helpful hand from Librarian Ruth Bradley or Assistant Librarian Florence Finley.

Questions seldom remain unsolved for very long. Although some have required the best efforts of four general encyclopedias and a half a dozen technical encyclopedias the answer is almost inadvertently obtained.

Some Dillies Asked

Miss Bradley reports that she has been bombarded by such questions as, Do elephants go to a certain place when its time for them to die? How long will an electric light bulb last during a Minnesota lightning storm?

Very often the research brings up some interesting answers to questions like "What American has had the most words written about him?" The answer is Abraham Lincoln. and "Do tulips grow in Persia?" uncovered the probably little known fact that some tulip bulbs sell for as much as \$4,000 a piece. One student jokingly inquired "Is there a gentleman bug for every lady bug?" The answer is yes, for there are both male and female lady bugs, or as is better known to zoology students, beetles of the family coccinellidae.

Johnson, an agriculture student, had just about given the duckling up as lost or dead, when he saw it placidly gliding down the ditch apparently well fed and healthy Monday morning.

Johnson said he will "take him home where he will never more roam."

Tickets For Ramona Pageant Are On Sale

"Ramona," an outdoor pageant of early California taken from Helen Hunt Jackson's immortal love story of an Indian maiden, is being presented April 28-29 and May 5-6 at Hemet, California.

The production includes a cast of over three hundred people from Hemet and San Jacinto who annually present this, one of California's greatest outdoor historical dramas. The Ramona Bowl provides an entire mountainside as a stage through which horsemen charge in and out at full speed, yet has the remarkable acoustic properties that spoken lines can be heard clearly in the entire seating area.

Performances for the four remaining dates are at 2:45 in the afternoon. Tickets priced at \$1.80 and \$2.40 may be purchased through Rankin's Mutual Ticket Agency, downtown Santa Ana.

Don Baseball Team In Stinging 4-3 Loss To Fullerton Hornets

The Santa Ana Dons dropped into a three way tie for first place with Riverside and Mt. San Antonio Colleges in the Eastern J.C. Conference baseball standings as they lost a 4-3 decision to Fullerton last Tuesday at the Hornets' home field.

Playing rugged ball, the Dons were edged in the short seven inning game by an aggressive Fullerton nine that outhit the Dons 10 hits to 3. Although the Fullerton pitching wasn't exceptionally good the Santa Ana hitting attack bogged down with Jack Goetting and Ciro Masso the only ones able to solve the Hornets pitching, Jack collecting two of the hits and Ciro the other one.

Fullerton scored three runs in the second inning and one more in the fourth to take a 4-0 lead before the Dons got back in the ball game by scoring two runs in the fifth and one in the sixth, cutting the score to the 4-3 count in favor of Fullerton which remained as the Dons were unable to push another run across in the seventh. The Dons now have a conference record of 5 wins and 2 losses.

Score by Innings:

	R	H	E
Santa Ana	000	012	0 3 3 1
Fullerton	030	100	x 4 10 1

SAC Baseballers Outlast El Toro Flying Bulls, Taking 15-14 Game

Santa Ana's Dons outlasted the El Toro Marines 15-14 in a nine inning non-conference marathon which lasted almost three hours at the marine base last Friday.

In the free swinging slugfest the two teams collected a total of 29 hits, with Santa Ana having a big fifth inning during which thirteen Dons went to bat and eight scored. Joe Malone collected three hits in four times at bat while Denny "The Babe" Sampson poled a 340 ft. drive over the left field fence with two teammates on base to spark the fifth inning rally.

Sampson, Brancato and Hover each collected two hits in three trips to the plate, Goetting two for five, while Hockey Noel, Jim Hinkle and Ciro Masso each got

Dons To Meet Berdoo Today

The Don baseball team travels southward to San Bernardino today in an effort to remain on top of the conference standing as they engage the Indians at 3 p.m.

In the first meeting of the two teams, here at Santa Ana the Dons piled up a 10-4 lead before the game was called at the end of five innings because of rain. The Dons are in a first place tie with Mt. San Antonio and Riverside colleges and will have to win their remaining games if they are to take the conference title.

Pete Fazio will again handle the pitching chores with Denny Sampson behind the plate. "Hockey" Noel will be at first base, Jim Hinkle at second, Minard Duncan at third, and Jerry Brancato at short stop. The outfield will start Joe Malone and Jack Goetting with Ciro Masso, Harry Hover or Norm Weinraub filling in the other outfield position.

one safety.

Although Joe Malone was the starting and finishing pitcher, he did not receive credit for the victory. Santa Ana was behind when Joe's arm began to tire and was replaced by Jack Goetting, Joe going to left field. The Dons then came alive and overtook the marines while Goetting was pitching, but Jack also had arm trouble and was relieved by Masso who ran into trouble and was in turn replaced by Malone who came in to finish the game. Jack Goetting received credit for the victory because he was pitching when Santa Ana gained the lead.

	R	H	E
Santa Ana	500	180	001 15 14 5
Marines	231	140	201 14 15 1

Spikesters Drop Dual Circuit Crown To Mountain Boys 63-68

After three years it finally happened. The Dons suffered their first track loss in three seasons last Friday afternoon when the locals dropped a dual circuit meet 63-68 to Mt. San Antonio College on the Mountie's cindered oval.

Tomorrow is a big day in track circles when junior colleges from throughout California compete for honors in the annual Cal Poly Royal Relays to be held at San Luis Obispo.

Defending meet champions, the Dons will send 16 number one spikesters to the meet in hopes of maintaining their 1950 crown. Coach Ward does not expect the locals to break three meet records and compile 65 points as the Dons did last season with the aid of Brayton Norton, but he does expect that his cindermen will make a good account of themselves.

In the sprint medley event Ward will probably enter the fast quartet of Bob Umphress, Curtis Meade, Bob Sprigley, and either Dick Ballester or Ron Chandler.

Ward plans to enter Floyd Strain, Howard Brubaker, Jack Lucas or Leonard Thornton on the two mile relay team while Meade, Cavanaugh, Ron Dozier and Bob Reid will run on the shuttle team and Thornton, Frank Mendez Lucas and Bob Miles will compose the distance medley team. In the mile relay Ward is indefinite as to his team, but he is taking along Duane Anderson, Ray Hernandez and Joe Balsley to work them in one of the relays when he decides his entries in the mile competition.

Cindermen Defend Title In Annual Cal Poly Relays

In losing the meet, the Dons virtually have lost the 1951 circuit dual championship to the Mountain Boys who boast an undefeated record in conference meets. The decisive meet was very close and the score could have been easily reversed in the Dons favor.

Hertz Hurt

Howard Hertz was the fly in Coach Ward's winning ointment who really hurt the locals. Hertz led the avengers by scoring first places in the shot put and discus and gaining a second berth in the javelin event.

Bad breaks confronted the locals all afternoon as Floyd Strain lost a first place spot in the 440 by inches Howard Brubaker had to be satisfied with a tie for second in the mile, and Curtis Meade who ran against Fullerton the previous Tuesday tightened up and failed to place in the 220 event.

The Dons average some good times in the meet. Bob Umphress ran the 100 in 10 seconds flat, and the Don relay team sprinted their event in 3:27.5 which was the second fastest time recorded by a

LEONARD THORNTON—undefeated miler and two miler who holds the fastest time this season in the Eastern Conference for the two distance events.

relay team in California this season. The team was composed of Bob Sprigley, Jack Lucas, Duane Anderson and Floyd Strain.

Other Don first place winners included Leonard Thornton who swept the mile and two mile events and Umphress who also placed first in the broadjump event.
